

Careers Education and Guidance at Moorcroft School

Careers Leaders

For Careers Advice please contact;

Key Stage 4: Maria Locorriere (Head of Key Stage 4)

Sixth Form: Terri Harper (Head of Sixth Form)

For information about colleges or to arrange visits to local provider please contact
Liz Dingley (HLTA)

You can contact all of the above by calling 01895 437799 or by emailing:
info@moorcroftschoool.co.uk

Section 42A of the Education Act 1997 requires governing bodies to ensure that all registered pupils at the school are provided with independent careers guidance from year 8 (12-13 year olds) to year 13 (17-18 year olds).

“Schools should ensure that careers guidance for pupils with special educational needs and disabilities (SEND) is differentiated, where appropriate, and based on high aspirations and a personalised approach.”¹ At Moorcroft School our students and their parents and carers are provided with high quality careers information and guidance, whatever their abilities.

At Moorcroft we will;

- Ensure all Annual Reviews from Year 9 onwards include a focus on how best to prepare students for adulthood including employment, independent living and participation in society.
- From year 9 onwards, provide parents and students with information about local SEN provision for Post 16 onwards. This will normally happen at Annual Reviews.

¹ *Careers guidance and access for education and training providers*, Department of Education, January 2018

- Provide from Key Stage 4 onwards, a rich and diverse Work Training and Work Experience programme to fully prepare them for adult life.
- Schools should build partnerships with businesses and other employers, employment services, and disability and other voluntary organisations, to help broaden the pupil's horizons.².
- Provide pupils with impartial and independent guidance on educational, training and vocational opportunities for 16-19 and beyond. This will include access to appropriate websites, regular careers fairs and access to independent careers advisers.
- Establish and develop links with local education providers and provide taster and link course to ensure students are able to make informed choices about further education.
- Provide targeted advice and experiences to vulnerable young people through the Pupil Premium.
- Provide through Eden Academy Family services, advice on bursaries and grants to enable 16-19 pupils in financial hardship to continue with their education.

Provider Access Statement

This section sets out the school's arrangements for managing the access of providers to pupils at the school for the purpose of giving them information about the provider's education or training offer. This complies with the school's legal obligations under Section 42B of the Education Act 1997.

Pupil entitlement

All pupils in years 8-14 are entitled:

- To find out about technical education qualifications and apprenticeships opportunities, as part of a careers programme which provides information on the full range of education and training options available at each transition point;
- To hear from a range of local providers about the opportunities they offer, including technical education and apprenticeships – through options events, assemblies and group discussions and taster events;
- To understand how to make applications for the full range of academic and technical courses.
- To access their Local Authorities Local Offer to inform them of suitable future placements.

Management of provider access requests

Procedure

A provider wishing to request access should contact Andrew Sanders, Headteacher
Telephone: 01895 437799 Email: info@moorcroftschool.co.uk

How we Assess the Impact of the Careers Programme

All students are set Learning Aims twice a year; these are personalised to the individual and are linked to EHC's outcomes to ensure that students are successful in achieving their personal goals. The school will also maintain contact with school leavers to assess the impact of the careers programme. This contact will include liaison with local colleges, inviting ex-students to school events, and telephone calls to parents and carers to discuss how students have settled in.

Premises and facilities

The school will make the main hall, classrooms or private meeting rooms available for discussions between the provider and students, as appropriate to the activity. The school will also make available AV and other specialist equipment to support provider presentations. This will all be discussed and agreed in advance of the visit with the Head of Sixth Form.

Providers are welcome to leave a copy of their prospectus or other relevant course literature in the parents room or in our Community Resource Centre. These areas are available to students and their families during the school day.
